

K-LOVE Radio station has brought me and my family from times of hardship and turmoil to much happiness. Through their program, we have been given hope for another day. The music that they provide is uplifting, exciting, and most of all clean. To have to listen to other radio stations would be a grave disappointment to me and my family. I have a 5 year old son who loves to get in the car and listen to their music. He knows God and he knows what good is from evil thanks to KLOVE. Please if you have any kindness and caring in your hearts for our future, let's keep KLOVE on the air. To phrase Rev. Jesse Jackson, "Keep hope alive", keep KLOVE on the air.
